Alternative Sources of Energy

THAT the 15th Annual Meeting of the Canadian Unitarian Council urges the Canadian Government to allocate increased funds to research into alternative sources of energy which are non-destructive of the environment, e.g. wind, solar, geothermal power.

Disarmament

THAT the 15th Annual Meeting of the Canadian Unitarian Council urges the Federal Government to accept the principle of total and complete nuclear disarmament and to promulgate it among all countries.

**Passed by delegates at the Annual General Meeting, 1976
Canadian Unitarian Council**
